Vol. 12, No. 3

March, 2018

The President's Letter

How great is it to be a Woodturner! April is shaping up to be a busy month. First, at the Regular meeting on April 7th meeting we will have the privilege of having Dick Markham enlighten us with a bit of his experience. Janice Levi has given us the demo ornament that she made at the March meeting. Lee told me that after the meeting and class she stayed up most of the evening adorning it with her pyrography. We can either raffle it or auction it as a fundraiser for the Building Fund. It's a true treasure. Next we have the Board of Directors meeting on the 9th, and then the Arts Festival happens. We need a Chairman to coordinate all who are helping. Set-up is April 13th, with the Festival on the 14th and 15th. We will have our regular demonstrations and sales, which help fund our operations.

Be thinking about our display cases. We still need a coordinator to get our turnings out so the public can see the beauty that we create.

In May Christian Jensen will be bringing his creativity to our Meeting.

I'll see you at the Meetings!!

–Buddy

March Demonstration: Janice Levi on Turning and Pyrography

The SPW welcomed Janice Levi, internationally-known artist in wood and jewelry. In the morning session she gave us her philosophy on artwork, including use of the Golden Mean and other theoretical and spiritual ideals, and she demonstrated her talent from blank to finished product. In a special, limited afternoon session, she taught aspects of pyrography, one of her specialties. We were very privileged to have her here. She is a long-time friend of the SPW.
